****Become a Production Assembly Technician****

Join our intensive 130-hour training program designed to launch your career as an Entry-Level Electronic Assembly Technician! Acquire essential skills in tool recognition, schematic diagram interpretation, and hands-on soldering and troubleshooting. With a strong focus on practical experience, you'll build confidence and technical proficiency. Earn OSHA certification. Many manufacturers are actively seeking these skills, and qualified candidates will receive assistance with full-time job placement. Don't miss this opportunity!
