Pathway to Quality Assurance and Quality Control Program • Fall of 2024

Pathway to Quality Assurance and Quality Control is a comprehensive training program is more than just an opportunity – it's a pathway to a brighter future. Designed specifically for unemployed and underemployed individuals, the program offers a unique combination of education, resources, and support to help you launch a successful career.

For more information, please visit masslifesciences.com/yourpath or email pathmaker@masslifesciences.com

The Massachusetts Life Sciences Center's Pathmaker program, a key component of the Healey-Driscoll Mass Talent initiative, bridges skills gaps by funding industry-aligned training. This initiative links diverse, skilled workers to thriving careers in the state's booming life sciences sector. The life sciences pairs life-changing careers which contribute to finding cures and treatments to transform lives alongside career growth opportunities to provide financial well-being. There has never been a better time to join the life sciences field.

With this training you'll receive:

Stipend • Free Laptop • Certifications • Free Training • And More
