

Free Basic Manufacturing Concepts & Machining Course

REMAKE 4.0 training invites the daring, the bold, and the free-thinkers to experience and learn the skills necessary to make change and build your career.

REMAKE 4.0 has developed an advanced manufacturing occupational training program, designed to educate workers to take the next steps in their Manufacturing career, and cultivate the next generation of managers.

This program is funded by MassHire North Central Workforce Board, Inc. through the Commonwealth of Massachusetts, acting Executive Office of Housing and Economic Development (EOHED)

Monday & Wednesday, March 21, 2022 –
May 18, 2022 2:00P-4:00P Thursdays 8:00A
